

SAFE PARENT MEMBER PROFILE

Sherry Fowler

My name is Sherry Fowler; I have been a member of the former Block Parents and now with Edmonton Safe Parents for the last 9 years. I am a single parent of one teenager and work full time as a team leader for the Bent Arrow Traditional Healing Society, White Cloud Head Start.

I volunteer with my daughter at the Edmonton Food Bank. I helped to build the Castle Downs water spray park, and volunteer as a bartender for many of the celebrations that happen in the Castle Downs community. Both my daughter and I helped to plan and build the Castle Downs skateboard park. I am also a volunteer on the Revitalization of Stony Plain Rd community committee.

I feel that if you want to make a change in your world you need to become involved. I also believe that your child learns from example so they need to be involved to better understand the community and give them a sense of pride in where they live and how they fit into the bigger picture. I am also a member of the Neighborhood Watch.

Since I have started as a Director at Large I have been trying to feel out the position and figure out where I fit in and my roll that would best suit the organization.

Since I began I have attended all but one meeting, have made suggestions as to funding and working on getting our name trademarked. As with other years I will once again be involved with the Capital Ex Safe Parent House and assisting at various events through out the city as needed. I attended Law Day on behalf of the Executive, recruited new Safe Parents and gave out information to people who visited our booth.

I have been actively involved in the lives of children and families in Edmonton in a professional capacity for the last 22years, and look forward to many years of continued involvement in whatever capacity that comes my way.

I look forward to the times I spend with this organization and all the wonderful people who work both on the board and in the community.

Your commitment to children, families and community feeds my soul and gives me hope in our future. Keep up the great work and thank you for the time and energy you give the Edmonton Safe Parent Association.
